

Due to temporary closures at a growing number of meat processing plants, we are beginning to see interruptions in the supply of beef, pork and poultry. As a locally owned and operated independent grocery, we will do everything we can to ensure the availability of product for our community.

Please also know that while you may experience higher prices on some products, this is a direct result of cost increases from our suppliers and out of our control. Our profit margins are the same or, in many cases, far lower than normal. Our goal is to keep costs as low as possible during these unprecedented times.

Thank you!

**for your patience and
understanding during this time.**
